Arkansas Makes Plane But Doesn't Think About Its Size
ST. JOE, Ark., June 3.—The test flight of the home-made plane of Sam Allen local rural mail carrier had to be postponed to day until Allen can tear the side out of the barn.

Allen constructed the plane in his barn during spare moments. He planned to make a test flight today but in assembling the plane he overlooked providing an exit for the plane from the narrow doors of the barn.

JOHN HARRIS DEAD IN INDIA

Former Marion Woman's Husband, Methodist Missionary, Killed in Accident

Word was received here today by Mrs. L. C. Bockstahler, 401 South Prospect st., via cable from New York that John Harris missionary at Belgaum India had been accidentally killed. No details of the death were given.

Mrs. Harris was a former Marion girl, her maiden name being Acker. Bockstahler daughter of E. G. Bockstahler and her two children are in India. Word was first received in New York by the Methodist board of foreign missions from Mrs. Harris. The cable was forwarded here today by officials of the board.

Mr. and Mrs. Harris were planning to return to the United States in September on a furlough, having been in India for the last five years. They spent several years there before their last visit in Marion five years ago. Mr. Harris' home is in Springfield.

OFFICIALS TAKE UP HIGHWAY DISPUTE TODAY

Proposed Change in Harding Route Goes Before Association

MEETING IN CHICAGO
Marion Chamber of Commerce Asks Governor To Oppose Transfer of Route

BULLETIN
Reports from Chicago late this afternoon stated that Harry A. Kirk, former state highway director, had recommended to the American Association of State Highway Engineers that U. S. Highway Route 30 be changed to I. S. Highway Route 5. What effect Kirk's recommendation will have was not known, although it was stated in Chicago that it was probable that the shift from Marion and other Ohio cities have been making to keep Route 30 may be lost.

Whether Federal highway No. 30 will remain on its present route through Marion, Kenton and Lima or will be changed to a northern route through Bucyrus, Upper Sandusky and Delphos will depend on action taken today at a meeting of the American Association of State Highway Engineers. The annual meeting of the association opens in Chicago today.

Marion will not be represented at the meeting. Neither W. H. McKelvey, state highway director, nor Carl G. Miller, of Marion, both officials of the Harding Highway association will attend the meeting. It was considered useless to send delegations to the meeting due to the fact that the sessions of the convention will be closed.

Active in Opposition
Public officials and representatives of Marion, Kenton and Galien have been active for more than a week to prevent the rerouting of the highway. They made strenuous protests to the change after representatives of the Upper Sandusky and Lima began a movement to have the highway rerouted over the northern route.

Today the Marion Chamber of Commerce telegraphed Gov. Meyer, Cooper asking him to protest, the proposed change with the highway of the highway association. The Chamber of Commerce also sent a protest to W. C. Washburn, executive secretary of the association at Chicago.

Robert N. Ward, state highway director of Ohio, will not attend the meeting at Chicago. News dispatches from Columbus Saturday said that a change in the route was unlikely unless recommendations for the change were made by Governor Cooper or Director Ward.

CHURCH MERGER IS GIVEN APPROVAL

Congregationalists Vote To Unite with Christians at Detroit Meeting

DETROIT, June 3.—The national council of Congregational churches in the United States today unanimously approved the plan for union with a whole lot of the merger of the council with the general convention of Christian churches.

Only the ratification of the government body of the Christian church is now necessary for completion of the merger. This is expected at the general convention of the Christian churches in October at Piquette, Ohio.

Essentials for Success in Life Possessed by All, Is Message to Class of '29

Harding High School Graduates, Numbering Near 200, Hear Importance of Choice and Self-Control Emphasized in Baccalaureate Sermon by Rev. L. A. Wood

All the qualities essential to success in life are in each of you. All that is necessary for true living you now possess. There is no reason why any one of you should fail in life.

The Rev. L. A. Wood, pastor of Trinity Baptist church in this city, delivered last night at Harding high school the baccalaureate sermon. His message was to the class of '29 of Harding high school. The class is pictured in the photograph printed above.

This is the final week of school life for the class commencing being set for Friday night.

The sermon last night was delivered before a congregation filled to more than seating capacity with people standing at the back.

As Miss Mary Evangeline Lawrence, church organist, played "Fare Thee Well," a procession of the approximately 200 graduates in the class filed into the church in their caps and gowns and were seated in the middle section of the auditorium and the front pews of the left and right sections.

Dr. George Presides
Dr. B. L. George, pastor of Epworth M. L. church, acted as presiding minister in charge of the services preceding the entrance of the seniors.

CHURCH, STATE NEAR PEACE IN MEXICO

Government Lifts Ban Upon Catholic Prelates, All Returning to Home Soil

MEXICO CITY, June 3.—There was every prospect today of a speedy settlement of the conflict between the Catholic church and the Mexican state.

The Mexican government has lifted the ban upon Catholic prelates banished from Mexico two years ago when they refused to obey the drastic religious regulations and they have already started to return. It is expected that all will be back upon Mexican soil within the next four weeks.

Archbishop Ruiz y Flores, the papal representative in Mexico, has been in Mexico for some time. He is expected to return to Mexico within the next four weeks.

DAWES' FIRST TASK TO PLAN CUT IN NAVIES

Negotiations for Naval Understanding Will Be Speeded at Once

TO MEASURE STRENGTH
Each Country's Needs Will Be Determined by "New Yardstick"

BY GEORGE R. HOLMES
Marion Star Staff Writer
WASHINGTON, June 3.—Negotiations for a naval understanding between the United States and Great Britain will be speeded up as soon as Charles G. Dawes arrives in London to assume his ambassadorship.

It is probable that Dawes' first major task in London will be the presentation of the new plan for measuring the relative strength of the American and British navies which has been worked out here under President Hoover's direction.

The plan is to build a new yardstick. While its details are not yet worked out, the understanding is that it involves a total of different methods of arming at each nation's needs than has ever been discussed by the experts in their various attempts to get together at the Geneva meetings.

World Scrap Paper Ships
Meanwhile there was an understanding of rumbling in congress to speed up the construction of the new shipyard. While its details are not yet worked out, the understanding is that it involves a total of different methods of arming at each nation's needs than has ever been discussed by the experts in their various attempts to get together at the Geneva meetings.

Reduces Natives' Aims
If the American yardstick is accepted by the British as a basis for creating the relative naval needs of the two countries, the 17 cruiser program may be the basis for President Hoover's aim not only to reduce the size of navies, but to actually reduce them.

WOMAN SHOWERS LIQUOR ON OFFICER

Patrolman Deluged as 300-Pound Adversary Seeks To Destroy "Evidence"

In an alleged attempt to destroy "evidence," Mrs. Doris McGregory, colored, grappled with an officer of the city police force last night and almost succeeded when she dumped a large percentage of the liquor on his uniform.

Mrs. McGregory, who according to officials weighs close to 300 pounds, did not attempt to resist the officer but that official did agree to let her "interfere" considerably.

Herbert McGregory, charged with illegal possession of intoxicating liquor and his wife, Mrs. Doris McGregory, charged with interfering with an officer, will stand trial Tuesday morning before Judge William H. Martin in municipal court.

They were arrested in the rear of their poolroom at 920 Hocking st. last night. They gave their residence at 340 Senate st.

La Guardia Says Canada Doing More Than U. S. on Dry Law

WASHINGTON, June 3.—Canada is doing more to enforce American prohibition than the United States itself, says La Guardia, mayor of New York, declared in a speech in the house today.

La Guardia assailed the latest American request to Canada—in stop character of rum running vessels for United States shores—as entirely unreasonable.

RAIN AND WIND SWEEP KANSAS

Two Wichita Airports Sustained Loss Estimated at \$200,000 in Storm

WICHITA, Kan., June 3.—Torrential rains dashed by tornado winds swept this section of Kansas during the night, causing heavy property damage.

Airplane and buildings wrecked at two of Wichita's airports sustained a loss estimated today at \$200,000.

No deaths had been reported today.

Damage Crops
The rains which were general over Kansas caused some damage to the record wheat acreage and further delayed corn planting.

Wichita was thrown into darkness shortly after the storm broke disrupting traffic.

The municipal airport was hardest hit by the gale. Damage to buildings and planes will exceed \$100,000. The giant retractable Fokker plane of the Western Air Express, enroute from Los Angeles to Kansas City, was totally wrecked. It had landed a few minutes before the storm broke.

Blown Into Cemetery
Parts of eight Southern planes were blown from the runway field into a cemetery across the road. Several other planes scheduled to have started on an all-Kansas air tour today were damaged.

Reports received here today said the business district of Kansas City and the business district of Kansas City were heavily damaged. More than an inch of rain fell in 30 minutes.

ANOTHER JAIL SENTENCE FOR OIL MAGNATE

Sinclair Loses Second Round as Supreme Court Upholds Term

OUTGROWTH OF TRIAL
Result of Operatives Shadowing Jurors Who Sat in Conspiracy Trial

WASHINGTON, June 3.—Harry F. Sinclair, multi-millionaire oil magnate now serving a three-month sentence in the district jail for contempt of the senate, lost another round with the law today, and as a result faces six months more imprisonment for having his operatives shadow the jurors who sat in the Wall Street conspiracy trial.

The supreme court upheld the original sentence of six months, just as it recently sustained the sentence of three months which Sinclair is now serving.

Until After Christmas
The decision probably means that on the conclusion of his present sentence in July, the oil magnate will start immediately on the longer sentence which will keep him in jail until long after Christmas.

Calm about the Sinclair verdict, the court sustained a sentence of four months for H. Vernon Day, a former official of one of Sinclair's companies, and a fine of \$1,000 against W. Sherman Davis, acting head of the detective agency that furnished the jury shadowers, but it did not sustain the sentence of four months against Will H. Hurns, father of the younger Hurns. The older Hurns will not have to serve the sentence imposed upon him by the district court.

Four were held in contempt by Judge Frederick L. Rhoads of the Sixth Circuit.

BANDITS ROB POKER GAME, DANCE HALL

Work in Twos in Columbus and Chicago; Get \$2,300 in Ohio City

COLUMBUS, June 3.—Three masked bandits who broke up an early Sunday morning poker game and robbed the 10 participants of at least \$2,300 in cash and jewelry, were the objects of a police hunt today.

The game was in progress in an apartment on East Main at 10 o'clock on Sunday when the three bandits, their faces half hidden by handkerchiefs, entered the room and confronted the players with revolvers.

Approximately \$1,000 in cash on the table was scooped up and a diamond ring was taken from Sam Criston. He valued it at \$1,200. A watch and other small articles of jewelry were also taken. The bandits forced the men to strip and then searched their clothes.

One man in making the report to the police said the bandits were in the room for only a few minutes.

NEW FARM BILL DUE WITHIN TEN DAYS

Special Session Enters Eighth Week and Sees Vacation Near

WASHINGTON, June 2—The special session of congress, which President Hoover called for the relief of agriculture and for revision of the tariff, entered its eighth week today with its program apparently advanced to warrant the leaders' assurance of an all summer recess.

The new farm relief bill, upon which senate and house committees are working, is expected to reach an agreement, will be placed upon the statute books within 10 days, unless unforeseen developments arise.

The new tariff bill already has passed the house but will not be ready for the senate for another two months.

FIGHT IN HOUSE OVER CENSUS

WASHINGTON, June 2—The fight of 6,000,000 aliens to representation in the American congress today became the storm center of the fight in the house over the farm bill providing for a reapportionment of membership of that body to meet the steady shift in population from farm to city.

Decisively defeated in the senate last week and beaten in the house in the last congress, force arrived against reapportionment on the population shown in the 1930 census raised the cry that the farm bill will transfer congressmen from the "typical American states of the west and south and give them to the great foreign population of the cities.

A final vote is set for tomorrow.

months while the senate finance committee considers it. In the meantime administration leaders with the concurrence of Democratic chiefs have decided to send congress a home

probable from June 11 or 12 until Sept. 5.

A number of relatively minor tasks may be completed before the recess begins. First, the house must pass the new census and reapportionment bill and both branches approve its conference report. Second, the senate must do something about President Hoover's recommendation for repeal of the national origins act, which changes immigrant quotas on July 1. Both these issues will be a completed this week of administration leaders have the way.

2 SOLUTIONS LOOM IN COUPLE'S DEATH

Murder-Suicide Theory Regarded as Most Likely in Double Shooting

MOORESTOWN N. J. June 2.—Two possible solutions loomed today in the mysterious double shooting of Ruth Wilson, 25-year-old daughter of a socially prominent and wealthy family, and her former fiance, Horace Roberts, Jr., also 25, both were found mortally wounded in the girls home here yesterday.

One was the theory of murder and suicide, the explanation held out by Burlington County Prosecutors, J. M. Hoffman. The other was a possibility that the deaths were a double murder, and although all surface indications pointed to the former, the second theory was being given full consideration by the investigating authorities today.

Miss Wilson, daughter of John O. Wilson, well known Camden, N. J. lawyer and a graduate of Wilson college, Chambersburg, Pa., died a short while after her father found her lying side by side with her former fiance, Roberts, Jr. He remained hours but neither regained consciousness.

Conflicting Stories
Conflicting stories of the events preceding the tragedy have been told but it has been established that although Miss Wilson and the young man were never formally engaged, it was taken for granted among their friends that the couple would culminate in marriage.

Two months ago Miss Wilson returned a ring Roberts had given her but the couple remained friendly and were often seen together. Recently, according to acquaintances of the couple, Roberts and Miss Wilson quarreled over her friendship for an older young man living in Moorestown and Roberts had been depressed and worried over his courtship.

On Motor Ride
Investigation is being made into a motor ride the dead couple took Saturday afternoon with John Collins, young, Princeton graduate, and a young woman whose name has been withheld by the authorities. Collins refused to say whether there had been a lovers' quarrel during the trip, refusing all questions to the fact that he was partner of the dead man's father who was equally uncommunicative.

The suicide and murder theory is held to chiefly because the pistol from which the shots were fired was found in Roberts' hand, and also because friends of the couple told police he had been extremely jealous and had threatened to end his life feeling his love for the pretty college girl was not reciprocated.

Roberts son of Mr. and Mrs. Horace Roberts of Moorestown, one of the above places of this section of the state and half brother of former State Senator Junior Roberts was graduated from Swarthmore college in 1928.

On the Streets of Marion

Problem Solved
COLD hands and a warm heart. How about "Cold head and warm feet?"

Memorial day found the city sweltering in the first real attack of Old Sol. One home was anxious to have ice, perhaps to manufacture a dish of ice cream, put in the feed tea glasses or put in the ice pack upon retiring for an afternoon nap.

Junior was sent to the ice company barehanded, without a wagon. Lugging ice from the station on Oak st. is no sweet job, even if it were 100 lb. in the shade. After carrying the hunk of frozen water and ammonia for some time, the little boy's hands began to become more than comfortably cool. Every two steps he set the ice down, and finally, his hands getting too cool, he pondered while the ice was at rest on the sidewalk.

The result of this heavy thinking was that when he started off again, he was balancing the ice on his cranium and smiling cheerfully.

Watch Your Step
THE question is brought up, "Could citizens of Marion see the city if they slipped in the goopy tar on West Center st. and seriously injured themselves or their clothes?" Echo answers, "Yes, if they crossed at the intersection."

Recent hot days in Marion caused the tar between the new bricks on West Center st. to ooze up and smear over the street. At each step the wary pedestrian takes, he or she brings up half the street in tar. If it doesn't happen that way, the walker plods through the inches of tar, pushing one foot before the other.

You SHOULD Pay Less

Your monthly payments get smaller as your loan is reduced. This means that the monthly payment on each "CITY LOAN" obligation is automatically decreased as the principal is paid down.

For each \$100 paid off, the payment becomes \$7 less per month. For example, the regular payment on a \$400 loan is \$28 per month. When it is paid down to \$300 the payment changes to \$21 per month, at \$200 it becomes \$14, and so on until paid in full. In this way your AVERAGE payment is remarkably small at "THE CITY LOAN."

SHOWS YOU HOW good YOUR engine REALLY IS!

and... it Stops Knocks!

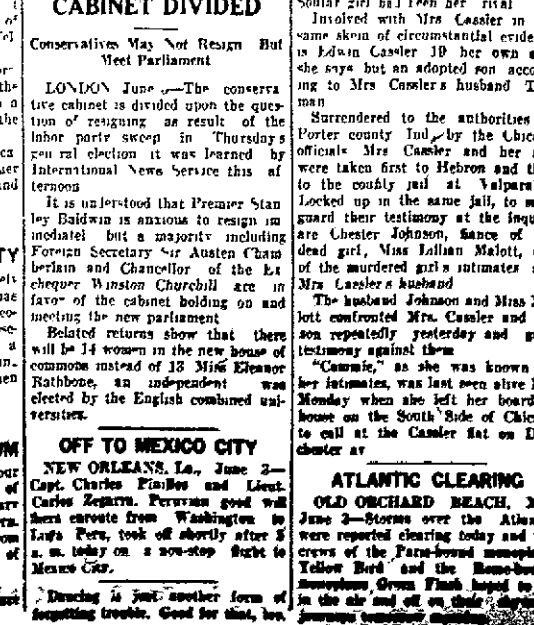

Let this remarkable gasoline show you how much performance there is in your car's engine... wide-open low gear performance that makes traffic driving easier... smoother, quieter performance that makes open-road driving more fun!

H-C gives Higher Compression in any type of engine, new or old—and H-C will never disappoint you! H-C stops knocks, thumps and pings—even when you're taking a hill in high.

This marvelous motoring fuel runs your engine cooler, reduces vibration and lessens strain, gives better combustion and allows your engine to operate at its maximum compression and deliver its full power under all engine conditions—in any weather. H-C is all gasoline—nothing added.

Try it for superior engine performance, whenever you see the Sinclair H-C pumps, and go over the hill in high!

OPALINE Motor Oil meets every demand of present-day engines and seals power at every degree of wear.

How About It?

It is not yet too late to avail yourself of Anthony's trial offer. We want you to know more about our modern laundry and its modern methods. When machinery does your washing it does it quicker by three times than it could be done by hand and all factors of human error have been eliminated. Chances of tearing, straining and button smashing are lessened. The dirt is coaxed out, not forced out and the clothes last twice as long. Sanitary — progressive — economical. Will you try it?

New York Adaptions of the Parisian Mode

SMARTLY APPROPRIATE TO WEAR WITH A STRAIGHT-LINE COAT

Two charming new models that afford splendid opportunity to complement the ensemble, that are exceptionally easy to make, and at small expenditure. Style No. 2580 expresses chic one-piece type in sheer woollen in smart diagonal weave, with killed plaits at front showing diagonal treatment, an extremely youthful idea to add width and flare to hem. It closes at side with button trim with jaunty patch pocket fastened with button. A self-fabric belt shows new higher waistline. It is easily made in two hours. A Picture Chart included clearly illustrates the entire construction of garment in pictures, showing in detail how each seam is joined. Wool jersey in pastel shade, printed rajah silk, crepe marocain, suede flat silk crepe in flattering shade, printed silk crepe and canton crepe are suitable becoming fabrics. Sizes 14, 16, 18 years, 36, 38, 40 and 42 inches bust measure. In the 36-inch size, 3/4 yards of 40-inch material is sufficient.

NEW CURRENCY ON DISPLAY AT BANKS

First Samples Arrive Here; Public Distribution To Start July 10

United States currency of the new small size issued June 1, will not be available for business use until July 10, Marion banks were notified by letters from the Federal Reserve Bank at Cleveland, today. Limited quantities will be available at that time, the letter explains. A few of the small bills were on display in Marion banks today, together with a letter from the Cleveland Reserve Bank explaining distribution of the new currency will start July 10. The bills now on display are of the \$1, \$2, \$5, \$10 and \$20 denominations.

Contrary to common belief, the old size currency will not be recalled, but will be gradually replaced by the smaller size as it becomes unfit for use.

New currency will be issued to banks at the rate of one-tenth of one per cent of deposits for each denomination. This schedule, applied to Marion banks, means that approximately \$1,250 in each of the five bills available July 10 will be sent, here each week until replacements are completed. Five bills will be first issued, \$1, \$2, \$5, \$10 and \$20. Thus the schedule will mean that more than \$6,000 in the new size bill will arrive here weekly.

The new bill is slightly over six inches long, and a little more than two and one-half inches in width. The large size now in use measures seven and one-fourth inches by three inches.

SEE LOVE MATCH IF BORIS MARRIES

Bulgarian Officials Disclaim Any Knowledge of Negotiations with Vatican

SOFIA, June 1.—If King Boris ever had any desire to make Princess Giovanna of Italy his Queen, he kept his own counsel.

Official circles here disclaim any knowledge of negotiations with the Vatican to settle religious difficulties and permit the marriage to take place. These negotiations, according to Rome reports, have now been broken off.

But the Bulgarian populace, anxious as they are for their bachelor king to marry and provide an heir to the throne, never credited reports of their king's intention of taking an Italian bride. Too many such reports in the past have been myths.

To Be Love Match "King Boris' eventual marriage will be a love match," one cabinet minister told me. "It will be decided by himself alone and no political or religious motive will influence him."

"Our King has been on his usual vacation abroad. We and the nation have perfect faith in him and in the wisdom of his actions. He is just as free as any other Bulgarian in looking for his partner in life. Naturally we all wish he showed more interest in the matter of finding a Queen for his people. He can no longer excuse himself by the plea that he is too young."

King Boris is now 35.

The minister declared that the government had never been informed of any serious plans for his marriage. "If His Majesty had any plans, I am sure he would be only too glad to report them to his government," the cabinet minister added. "Rumors that have been spread recently have done more injury and they irritate His Majesty as they have always done in the past."

No Negotiations The Metropolitan Stephan, head of the Bulgarian Orthodox church, who was reported to have had a hand in negotiations with the Vatican, was even more categorical.

"Thus far," he said, "no Bulgarian, whether minister or priest, has taken part in any negotiations for a prospective affiancement of our king with anybody in any country. "Nobody has ever sounded me out as to my colleagues on such matters. Hence all reports to the contrary are intentional and devoid of authenticity."

King Boris is still travelling abroad. His people hope he is seeking a bride. But since they consider the question a personal matter, they are not pressing him too hard. The king keeps his own counsel.

40 FROM COUNTY IN STATE CONTEST

Six Schools Represented in Livestock Judging Competition

Approximately 40 Marion county high school students took part in the annual state judging contest held Friday and Saturday mornings at Ohio State university. Six of the county schools were represented, these being Waldo, Prospect, Green Camp, LaRue, Pleasant township and Mancel.

The winners in the various classes of judging will not be made known for possibly a month. Over 1,400 boys from the entire state took part in the judging and the work of grading that many papers will take the greater part of a month. Waldo high school had the largest number of boys entered with 15, including a team of four boys to the general livestock contest which carried an award of \$215 and a trip to Kansas City for the annual American Royal Livestock show for the four winning boys.

In Fight Classes The eight classes in which Marion county boys were entered are: general livestock, dairy, sheep, wool, poultry, grain, milk and agricultural engineering. Paul Trefz of Waldo was the only local entrant in the last class.

The prize for the dairy contest is a trip to St. Louis for the annual National dairy show. Awards in the other six classes are silver loving cups, banners and medals. These individual awards are made for all winners down to tenth place.

The prizes are donated by the following organizations: Ohio Chamber of Commerce, Ohio Bankers Association, Ohio Farm Bureau, Ohio State Grange and Ohio Dairy association. All the judging was held on the two mornings, with trips in and about Columbus. Places of interest visited by the students included Ohio State penitentiary, Ohio Wool Growers warehouse, Moore & Ross dairy, Smith's Agricultural Chemical Co., Shaft Dairy farm, Brown Fruit farm.

Also in the afternoons there were organization meetings of the Ohio Chapter of the Future Farmers of America.

Must Dress When Facing This Judge MONTGOMERY, Ala.—United States Judge Henry D. Clayton is a reasonable man concerning male adornment, but the end of his patience was reached here recently when a witness took the stand in his courtroom without wearing coat or necktie.

The federal jurist proceeded to reprimand the witness sharply, telling the surprised man to "buy yourself a dime necktie and a coat. If you can't raise the money for the tie, I'll get it for you."

2 NEGROES SLAIN

Gun Battle Staged in Wheeling After Quaint Robs Toolrooms

WHEELING, W. Va., June 3.—Two negroes said to be members of a Detroit underworld gang, are dead today, another is in the local hospital and a fourth is being sought by police while an officer is recovering from gunshot wounds as a result of a pistol battle here late Saturday.

Police received a report that four negroes held up a South Wheeling toolroom. They responded and as they were running down clues, they encountered the negroes in the act of holding up another poolroom. A gun battle which ended in the streets followed. Jess Williams, 30 and Lee White, 10, both Detroit negroes, were shot and killed. Officer Otis Galentine was shot and wounded not seriously. Ralph Parker who gave the address of Southside Pa. was the negro captured. The fourth escaped. Police said he is Charles Atkinson, 24, Detroit.

ROSALIE'S beach suit is keeping with the times, giving her a more stylish look. To be up to the minute, one's back must be sun tanned and for one's back to become sun tanned it must be uncovered so the new suits have no back at all and use crossed straps in back to hold up the front which has become a sort of bib. Of course at times it is desirable that the back be covered and for this purpose Rosalie has a coat to match which is sleeveless though for the younger wearers what is really a jersey cardigan is the thing. The colors, needless to say are of the brightest and in modernistic effects. While the collapsible crotone or straw beach hat is expected to be given favor, Rosalie preferred the matching handbag which is shown here. Matching rubber high heeled beach shoes, resembling street footwear, completes the outfit.

ANNOUNCING...The NEW AutoMatic Washer
DUO-DISC

with "AUTOMATIC" Rotary Ironer

An Ideal Laundry Combination for Less Than the Price of Some Washers Alone . Both of a Quality That Endures

The Automatic Rotary Ironer does the ironing in one third the time required by hand.

Irons with magic-like speed . . a table cloth in just a few minutes

ONLY \$149 FOR BOTH

Slightly more on EASY PAYMENTS.

Only in the New AUTOMATIC Duo-Disc Washer do you get the Invertible Agitator. Duo-Disc may be used in the bottom for washing a few pieces, or instantly reversed and used on top for the heavy, bulky pieces. Washes a tubful in either position.

To iron, you simply remove wringer from washer, place Automatic Rotary Ironer on wringer shaft, connect to electric light circuit then feed the pieces in over the roll.

The most difficult pieces, lingerie, lace edges, shirts, and house dresses, etc., are beautifully ironed without effort, and have a sheen impossible to attain by hand methods.

Heats in 4 minutes, irons in one-third the time. Neat, compact, easily carried without strain or exertion.

The AUTOMATIC Duo-Disc Washer and Rotary Ironer offer you the simplest of all washing and ironing methods. When ironing it is simply a sitting down job of operating the control lever, no picking up and setting down of any kind of iron, no standing on your feet for an hour or two at a time.

A short demonstration will convince you how easy it is to be rid of your washing and ironing problems.

WILCOX WILL SEEK RECORD AT AKRON

Second Ohio Speedway Race at Rubber City on June 16

AKRON, June 3.—Declaring that he is coming to Akron to clip the record of 22 1/2 seconds, established by "Dutch" Bauman at the May 5 event, Howard Wilcox of Indianapolis has sent in his entry blank all signed up and will drive his Deane Special in the 100 mile Buckeye classic at the Akron-Cleveland board track on Sunday, June 16.

Wilcox who was reared within hearing of the roaring of the race cars, practiced on the Indianapolis speedway and jumped into the limelight at Winchester Speedway a couple of years ago winning the middleweight championship from the fastest field of drivers ever assembled in that famous track, from then on, Wilcox has been in demand as a pilot by most every manufacturer of a race car.

At the Akron Bowl on May 5, this clever, shy, boyish appearing driver fought Bauman who won the race for 120 laps but the grueling grind had played its mark on Wilcox, his car made a short skid on the west turn and the tail of the car banged the retaining wall sending the machine to the bottom of the almost perpendicular head oval. Wilcox was brought to the pits in a faint condition but soon revived and is again determined to conquer the treacherous wooden saucer at Akron.

SYMES, LEWIS TIE

For First Place in Blind Bogey Tourney With 89's

Wilbur Symes and R. T. Lewis tied for first place in the blind bogey tournament held yesterday afternoon at the Marion County club with scores of 89. Dr. J. A. Dodd and L. M. Guthrie were in a tie for second place with scores of 88.

Bill Foster, pro at the club, announced that the women's season will open Thursday with a tournament.

"Gorilla" Jones, Akron, Will Meet Al Mello

BOSTON, June 3.—"Gorilla" Jones of Akron, O., makes his debut in a Hub ring tonight in the 10-round return engagement with Al Mello, New England welterweight champion, at the Boston garden.

In their first meeting at Madison Square Garden recently, Jones pulled one of the biggest fists upsets in months when he had Mello, considered by many as an outstanding challenger in welterweight circles, out on his feet for several rounds.

OLD BOSTON BUILDING IN PATH OF PROGRESS

BOSTON.—Once the home of James Russell Lowell, Dr. Oliver Wendell Holmes, Edward Everett, Charles Sumner, the famous old Coolidge home, a five story granite building in the heart of Bowdoin Square which was constructed in 1830, will be razed to make way for a modern office building.

It was the first apartment hotel in the city which provided a separate bathroom for each of its guests.

Even the most accomplished builder can't catch up with tomorrow.

ALL-STARS TO MEET CHAMPS WEDNESDAY

Eagle Nine Faces Heavy Hitters in Benefit Ball Fray

The championship Eagles Junior baseball team of Marion county will meet an All-Star nine, composed of players from the other three county teams, at 5 o'clock Wednesday afternoon at Lincoln park. The game will be a benefit to defray the expenses of the league and if enough fans see the game uniforms will be bought for the Eagles and Kiwanis teams. An admission charge of 25 cents will be made to the game.

The game itself will probably resolve into a battle of the Eagles superior team play against the hard-hitting of the All-Stars. Bill Adams will be on the mound for the Eagles with Tom Kelly, Eckenbarger or Walters opposing him. If the champs keep up their sluggish proclivities in this game it is probable that all three will see service.

The All-Stars will put a team on the field that will have only three men hitting below 300 with one man batting .000. The team batting averages will give the All-Stars a slight advantage by a mark of .378 to .326. The All-Stars will line up as follows: infield, Kelly, Reece, Detwiler and Rarbura; outfield, Kunkle, Robbins and Cookson; Eckenbarger, pitching, and Anderson doing the catching.

Vernon Heights Tennis Courts Ready for Play

Tennis players of Marion who have been itching for the opportunity to "job one over" can get into action this week. The courts of the Vernon Heights Tennis club have been opened and are ready for members. The club also is conducting a membership campaign.

Meditations OF A Married Woman

BY HELEN ROWLAND

ARE YOU A REACTIONARY? I HAVE been accused of being "reactionary" because I suggested that women love a masterful man, and sometimes rather enjoy being bossed by one who can do it effectively.

Isn't that AWFUL?

But the funny thing about it is that the article in question was inspired by a bored Young Modern, who confided to me that she was yearning for a Petruchio who could make her "step around."

She wanted to be TAMED, mastered and dominated by a strong right arm! To be made more to recklessly and imperiously. To be Lochinvarred!

All of which must call forth a hollow, mocking laugh from the not-so-young generation of women, who fought and struggled against the "tyrant, man," for the right to vote, a cigarette, and a chair in the barber shop.

But then, it's SO easy to be "reactionary" these days!

You're reactionary if you prefer music to jazz, and if you would rather go to a symphony concert than to a prize fight.

You're reactionary if you wear enough clothes to keep you from shivering, in the Winter—and enough bathing suit to keep you from blistering, in the Summer.

You're reactionary if you address a man by anything except his pet name, half an hour after you met him—and positively prehistoric if you object to being kissed after the second dance.

You're reactionary if you prefer cauliflower to broccoli—and if you have ham and eggs for breakfast instead of caviar and rockfish.

You're reactionary if you ever eat a square meal!

You're reactionary if you admit that ANYTHING could shock you. Or impress you. Or excite you. Or worry you.

You're reactionary if you admit that you actually LIKE WORK. And if you confess that you actually care for your own husband, you're positively fossilized.

You're reactionary if you prefer comfortable stuffed chairs to modernistic atrocities.

You're reactionary if you believe in romantic love or idealistic love, or anything except sex attraction.

And of course you're reactionary if you believe that God made men stronger than women, and women finer and more delicate than men. And that the two are still running along the same old emotional tracks!

33 CASES LISTED

Measles and Smallpox Lead in County Report for Month

Measles with 11 cases, led the list of contagious diseases in Marion county in May, according to the monthly report completed today in the office of the county health commissioner, Dr. N. Sifrit.

Thirty-three cases of contagious disease were reported in the county during the month. Ten cases of smallpox and nine cases of chickenpox were reported. Other cases reported were pneumonia, erysipelas and undulant fever with one case each. The only death from contagious disease was caused by pneumonia.

SIGNAL ORDERED FOR CENTER ST.

Traffic Lights To Be Installed at Orchard St. Intersection

Orders for three additional traffic lights to be erected at the intersection of Orchard and Center sts. have been placed, according to W. M. Strayer, director of public safety. Numerous accidents at this intersection have been largely responsible for the erection of the lights, he said.

The speed of incoming and outgoing traffic on W. Center st. will be cut by the erection of these lights. Chief J. W. Thompson recently said: "This speed reduction will also reduce the number of accidents, officials predict."

Several other intersections may get traffic lights later, Mr. Strayer indicated, but these are not ready to be announced.

GIRL IN HOSPITAL

AFTER TRAIN JUMP

Makes Leap While Being Returned to Marysville Reformatory

CLEVELAND, June 3.—Helen Oullen, 20, reformatory parole violator, is in a hospital here today with 25 stitches in her head and face, and other injuries suffered yesterday when she jumped from a speeding Big Four train five miles east of Crestline, O.

The girl was being taken back to Marysville reformatory by Mrs. May Tiff, a reformatory guard.

The girl told police she had no thought of trying to escape until she entered a washroom on the train and found the window open. Her decision to jump was instantaneous, she said, and she was badly cut and bruised as she struck the cinders along the track.

The train was stopped but no trace of the fugitive could be found. Cleveland police were notified and the girl was picked up at the city limits in a taxi.

She told police she sought refuge in a nearby farmhouse, telling the occupants she had been hit by an automobile. She had been paroled from Marysville after serving part of a term on a vice charge.

MOORE ELECTED

WASHINGTON, June 3.—Democratic political activity, at low ebb since the November defeat, began to look up today. The leaders in whose breasts hope sprang eternal regarded as a favorable augury the result of the congressional election in the third district of Kentucky, where John W. Moore, Democrat, repudiated the seat which he lost in November. The Republican victor last fall died before congress met.

STABBED IN HOLDUP

CINCINNATI, June 2.—Oscar Shiner, 38, who was stabbed by two negroes in a hold up here early yesterday, is reported in a dying condition in General hospital today. He is unable to tell police how much pain the negroes obtained. One of the stab thrusts pierced the man's left lung.

According to the National Board of Fire Underwriters lighted cigarette butts dropped from airplanes constitute the newest fire hazard, especially in grain fields and timber lands.

Of France's 39,000 communes only about 16,000 are supplied with electricity.

Potter Family Events

WILL START TUESDAY NIGHT

in New Radio Series

BY MAC L. BOY

THE doings of the average American family will be the subject of a new series of broadcast to be inaugurated at 8 o'clock Tuesday night over the WPAE network of the NBC system as the "Potter Family" is the subject of the episodes that will be broadcast tomorrow night and each succeeding Tuesday night.

Written by J. P. McVoy, author of the "Show Boat" and the sketches of the Potters have been described by dramatic critics as keen bits of real life drama and essentially truthful to the types they portray.

The episodes will be in serial form and each week a playlet will be supplemented by a program of music, dance, music and light selections by the Potter family orchestra.

Drying Up of Selling Orders for Motors and Industrials Also Aid

AUTO BUSINESS GOOD

Official Statements of Car Manufacturers Refute Declining Business Stories

BY W. S. COUSINS
Marion Star Staff Writer

NEW YORK, June 3.—A strong recovery in the wheat market, coupled with the drying up of selling orders for motors and industrials, revived the stock market today. The lead of the oils, utilities, and the railroads, which had been in the lead in the last two weeks, now found themselves in the best of the market.

The strength and activity of the oil market, followed by the general recovery of the oils in last week's big rise. None of the petroleum stocks were a few weeks ago, indicating that the market was not as far from the old range. With the trend of the market steadily upward, the oil market is now under control, and the outlook for the future is bright.
